## 2. Aso Juku – Characteristics of Education

---

### Our unique program – GCB Education

- We have developed our unique “Global Citizen Basics” education program to enhance the necessary mindset as a member of society.
- GCB I and II are designed for all students. The goal is to become independent and to set their own aspirations.
- GCB III" is provided for those who wish to take the course. They develop leadership skills that are necessary for a global citizen who can contribute to the area as well as Asia.
- In GCB III, students can broaden their perspectives outside of the college through programs such as lectures by company executives in Kyushu and other regions and also overseas fieldwork.

# Developing and selling e-learning content for manga and anime

- Joint venture with Kydon, a Singapore-based company that also provides e-learning and other services for the government.
- **E-learning materials were developed based on the "Manga/Animation" teaching know-how that Aso College Group have.**
- Kydon offers the above materials on its online educational platform "Parenthesis".
- In the pilot phase, students from 9 countries, including Indonesia and the Philippines, as well as Singapore, joined.
- Also set up a PR booth at the Manga & Anime Expo in Singapore (over 10,000 visitors per day) to promote sales.
